

SkeeterSoft's National Pastime III Simulated Baseball Game

Player Movement (from one team to another team)

All players are associated to the team they last played for. If you are conducting a replay you will have to make player moves; that is, move a player from one team to another. This is accomplished in the Tab labeled **P/T Assoc.**

Click on the **P/T Assoc.** Tab

As an example; if you wanted to move **Bud Norris** from the **Orioles** (Team ID - 1) to the **Astros** (Team ID - 11) you would locate Bud Norris in the grid and change his current Team ID from 1 to 11 and click the **Save Changes** Button (at the bottom of the Tab).

Save Player/Team Association

Change Team ID (col. 3) and click Save Changes to Move Player to New Team

Save Changes

After clicking the save button Bud Norris is moved from the Orioles to the Astros.

Note: Players cannot be moved to the teams of a game in progress. That is, once a game has started (first roll of the dice) the players associated with the 2 teams playing is fixed. Any player movement will take effect in the next game played.
